Calochortus - Mariposa Lily/Tulip Lily (bulb) 8-24",

Ceanothus – (E,S), sun, larval host of Spring Azure butterfly & Common Sheep Moth

Ceanothus (*Cerastes*) 'Blue Jeans', 6'x6', lavender

Ceanothus - 'Julia Phelps', 8'

Ceanothus - 'Wheeler Canyon'

Cercocarpus betuloides - Mountain Mahogany

Coreopsis gigantea (summer D) 7-8',

Dichelostemma ida-maia - Firecraker Flower (bulb), sun/part shade

Diplacus (*Mimulus*) *bifidus* (P) part shade

Eriogonum fasciculatus - CA Buckwheat (E,S) 3x3', sun/part sun

Eriogonum grande rubescens - Red Buckwheat (E,P),1-2'h, 3-4'w, sun/part sun

Fremontodendron californica - Flannel Bush 'Ken Taylor', (E,S) sandy soil, sun,

Holodiscus discolor - Cream Bush, (D,S) part shade

Lupinus albifrons - Silver Bush Lupine (E,P) 3-5', full sun

Galvesia speciosa - Island Snapdragon/ Firecraker (E,S), 2-4', sun/part shade, good under oaks

Gnaphalium sp. (E,P) weedy look

Grindelia hirsutula - Gum plant (P) 1-2', an excellent nectar plant

Lonicera interrupta - Chaparral Honeysuckle, full sun/shade

Monardella villosa - Coyote Mint (P) 2', sun/part shade

Monardella linoides?

Penstemon azureus

Penstemon centranthifolius - Scarlet Bugler (E,P) 3-5', sun

Penstemon heterophyllus - Foothill Penstemon, (E,P) 1-3', sun

Polypodium californicum - California Polypody (P, summer D) 1-2'

Ribes viburnifolium - (E) Currant, 8'wX2-3"h, shade

Salvia apiana – Bee Sage/White Sage, (E) 3-8', full sun

Salvia leucophylla - Purple Sage (E,S) 3-6' sun

Salvia leucophylla - 'Bee's Bliss' (E,S) ground cover

Satureja douglasii - Yerba Buena (D,P) ground cover, shade

Sedum spathulifolium - Stonecrop

Trichostema lanatum - Woolly Blue Curls (E,S) 2-4'h, 3-4'w, full/sun-light shade

Triteleia bridgesii (bulb) shade

Natives - Occasional Water

Berberis aquifolium 'Compacta' - Mahonia, Oregon Grape (E,S) shade/part sun

Carpenteria californica 'Elizabeth' - Bush Anemone (E,S) 6-9', full/part sun

Cercis occidentalis - Redbud (D,T) 6-14', sun

Aquilegia formosa - Western Columbine

Dendromecon harfordii - Island Bush Poppy, (E,S) 3-9', full/part sun,

Dudleya pulverulenta

Epilobium canum ssp. *canum* (*Zauschneria*) (P) - CA Fuchsia, <3', full sun,
Calistoga, Carmen's, Sierra Salmon

Eriogonum giganteum - St. Catherine's lace (E,S) 5'

Keckiella cordifolia - Climbing Penstemon (E,P) 3-6' sprawling, sun/part shade

Lepechinia hastata - Pitcher Sage (E,P) sun/pt sun

Lewisia cotyledon

Lonicera hispidula - California Honeysuckle (D,S) climbing, hummingbird flower

Philadelphus lewisii - Western Mock Orange (D,S) 6', sun/part shade, fragrant

Rhamnus californica - Coffee Berry (E,S)

Salvia brandegei - Brandegees Sage (E,S) 3', great for a butterfly garden, fragrant

Salvia mellifera - Black Sage (E,P) 3-6'h, 3-5'w, sun/partial sun

Salvia mellifera prostrata - Black Sage (E,P) sun

Salvia spathacea - Hummingbird Sage (E,P) part/full shade

Sambucus mexicana - Blue Elderberry (D,S)

Vitis californica 'Roger's Red' - California Wild Grape (D,V)

Natives - Low Water (2 weeks)

Diplacus (Mimulus) aurantiacus - Sierra/Sticky Monkey Flower (E,P) 1-4' tall, part shade
larval host of Variable Checkerspot in early spring & Buckeye in late summer

Erigeron glaucus - Seaside Daisy, sandy soil

Eriophyllum sp. - Yellow Daisy, (P) sun

Erysimum capitatum - Western Wallflower

Erysimum menziesii - Wallflower

Fragaria californica - Wood Strawberry, ground cover

Heuchera maxima - Alum Root, 30", shade

Iris douglasiana (EP) sun/part shade

Solanum xanti hoffmanni - Purple Nightshade, 2-3'

Scrophularia californica - CA Figwort, Bee Plant, (P) 2 - 4', sun/part shade, clay soil, Chalcedon
Checkerspot butterfly lives on this plant

Natives - Regular Water (1 week)

- Aristolochia californica - CA Dutchman's Pipe, (D,V) sun/shade
- Asarum caudatum - Wild Ginger (E,P), shade
- Aster chilensis,(P) 2-3', full/part sun, spreads by rhizomes
- Calycanthus occidentalis - Spice Bush (D,S) 3-8', sun to shade
- Ceanothus griseus horizontalis - 'Carmel Creeper', 2'x10'w
- Ceanothus gloriosus exaltatus 'Emily Brown' (E,S) ground cover, 1-2"hx4-6'w
- Cornus sericea- Red Twig Dogwood (T) 3-8', shade
- Dicentra formosa - Western Bleeding Heart (P) shade
- Dryopteris arguta - Wood Fern
- Garrya elliptica - SilkTassel (D,T)
- Lepechinia fragrans - Wallaces Pitcher Plant (E,P) shade
- Linum lewisii - Blue Flax (P) 2-3', full/part sun
- Physocarpus capitatus - Nine Bark (D,S) 5'x6-10', part shade
- Salvia azurea ssp. pitcheri (D,P)
- Scirpus cernuus - Fiber-optic grass
- Sisyrinchium bellum - Blue Eyed Grass (P), 4 - 12 ", sun/part shade
- Solidago californica - CA Goldenrod (P) 1-4', sun/part shade

Natives – Wet (seep-bog-pond)

- Juncus effusus 'Spiralis' - Corkscrew rush (E) 10-18", sun/ part shade
- Helenium puberulum, (P) 2 – 3, sun, attracts a wide variety of insects including bees and butterflies
- Horkelia cuneata puberula - Star Potentilla, (P) am sun / pm shade, sandy soil
- Mimulus cardinalis - Scarlet Monkey Flower (D,P) 3', sun to shade, important Hummingbird flower
- Mimulus guttatus - Seep Monkey Flower, (A/DP) 1-3'HxW, sun
- Potentilla gracilis – Cinquefoil (P) 1', sun
- Satureja mimuloides - A 1-3' perennial with deep red-orange 1-2" flowers, full sun, attractive to hummingbirds

Sidalcea malviflora - Checkerbloom (P) 6-24", sun/pt shade, no/mod water, (west of seep), larval host of West Coast Lady

Sisyrinchium californica - Yellow Eyed Grass (E,P) 8-12", sun, high water

Tellima grandiflora - Fringe Cup, shady

Natives – Annuals

Clarkia concinna - Red Ribbons 16", part shade, late spring, deep pink

Eschscholzia californica - CA Poppy, 1', sun, spring - summer (with water)

Gilia capitata - Globe Gilia 1-2', sun, mid spring to summer, blue

Layia platyglossa - Tidy Tips, 6-12", sun, spring, yellow

Limnanthes douglassii – Meadow Foam, sun/part shade, moist, spring, yellow

Linanthus parviflorus - Stardust 3-8", sun/part shade, multiple colors

Linanthus grandiflorus - Mountain Phlox 18", sun or part shade, summer-fall, pale pink/white

Mentzelia lindleyi - Blazing Star 6-24" sun, mid-late spring, yellow

Montia perfoliata - Miner's Lettuce

Nemophila menziesii - Baby Blue Eyes, 4-6", sun/pt shade, early spring, white/purple

Nemophila maculata - Five Spot, 6", light shade summer, white

Streptanthus albidus var. *peramoena* - Jewel Flower, sun/pt sun, butterfly host, reseeds, pink

Phacelia tanacetifolia - Tansy Leaved Phacelia, 2', shade, summer, blue

Phacelia viscida 1-2', shade

Platystemon californicus - Cream Cups, sun/part shade, early spring, yellow

Natives – Trees

Pinus sabiniana - Digger Pine

Quercus wislizenii – Interior Live Oak

Quercus lobata – Valley Oak

Umbellularia californica - California Bay
