*A tour of 60 Alameda and Contra Costa county gardens and homes*

This delightful collection of native plant gardens ranges from established wildlife oasis to brand new installations, from large lots in the hills to small front-yard gardens, from local native plants to natives from throughout California, and from gardens designed and installed by owners to those designed and installed by professionals.

- Virtual Tour Keynote by Doug Tallamy

Learn how to:

- Select and care for California native plants
- Attract butterflies, birds, and bees to your garden
- Garden without pesticides (and protect your children and pets!)
- Lower your water bill
